

WOOLSTON MANOR

Saturday 3rd December 2022

To Whom It May Concern,

We at Woolston Manor Golf Club are pleased to present one of the finest courses in the Southeast, with challenging holes designed by renowned architect David Williams. Since opening in 1994, the 18-hole championship course has hosted numerous tournaments.

In addition to providing a top-notch golf experience, we are committed to supporting our community through the efforts of Rafik Hussein. Rafik is an amazing person whose mission in life is to help those in need. We have been actively involved in his campaign and foundation project, which aims to provide disadvantaged individuals with the opportunity to play golf. To this end, we have donated free membership and equipment, and have supported Rafik in mobilizing coaches to offer free training.

Thanks to Rafik's determination and persistence, his campaign has inspired other golf clubs to follow suit and offer similar opportunities to under privileged individuals. Since 2010, his efforts have resulted in over 50 golf clubs nationwide providing free membership and training to hundreds of disadvantaged individuals.

We extend our warmest congratulations to Rafik on his 40th anniversary of his incredible journey and lifelong commitment to helping others.

Sincerely,

Munir Khan
